

Research IT Services

■ Research & Statistical Support

■ Provides support services on data acquisition and statistical analysis for UNT faculty and students conducting research; multiple face-to-face meetings, each lasting more than an hour, each involving one or more party writing on a dry-erase board, and often using an internet-connected computer as well. Visit the online IT Catalog or R&SS website for an appointment.

Host Computing User Services

HCUS provides individual license information and access for supported academic research applications and server support.

it.unt.edu/hostcomputing

Microcomputer Maintenance

The MMS Shop supports UNT-owned microcomputers that are fewer than six years old for UNT faculty and staff. The techs assist with the selection, purchase and upgrade of new computers and hardware. Additional services: battery disposal, certifiable hardware disposal – degaussing, microcomputer upgrades, and troubleshooting tips.

it.unt.edu/mms

UIT Help Desk

Help Desk staff members support students, employees, visitors and alumni. Services include telephone, email, ticket-based responses and walk-in support for UNT IT-related issues, such as questions about the Account Management System, EagleConnect email, UNT Bulk Mail, information security, Blackboard Learn, MyUNT, wireless access, Eagle Alert messages and more.
