Research IT Services

- **Research & Statistical Support**
  - Provides support services on data acquisition and statistical analysis for UNT faculty and students conducting research; multiple face-to-face meetings, each lasting more than an hour, each involving one or more party writing on a dry-erase board, and often using an internet-connected computer as well. Visit the online IT Catalog or R&SS website for an appointment.

IT User Services

Adaptive Computer Lab
The adaptive lab is open to students, faculty and staff who benefit from special accommodations. Operated in conjunction with the Office of Disability Accommodations, the lab is located in Sage Hall, Room 153.

it.unt.edu/adapтивelab

Host Computing User Services
HCUS provides individual license information and access for supported academic research applications and server support.

it.unt.edu/hostcomputing

Microcomputer Maintenance
The MMS Shop supports UNT-owned microcomputers that are fewer than six years old for UNT faculty and staff. The techs assist with the selection, purchase and upgrade of new computers and hardware. Additional services: battery disposal, certifiable hardware disposal – degaussing, microcomputer upgrades, and troubleshooting tips.
